Re: In The Matter Of The Application Of Constellation NewEnergy, Inc. For A Certificate To Provide Electric Supply Services Within The State Of Delaware (Filed March 16, 2000) - PSC Docket No. 00-162

Dear Ms. Smith:

A review of The Delaware Public Service Commission's ("Commission") records indicates that Constellation NewEnergy, Inc. ("Constellation" of the "Company") has begun to solicit to Residential and Small Commercial Customers¹. In order to provide electric supply service to these Customers, an amendment is required to the Electric Supplier Certificate ("ESC") issued to Constellation on PSC Docket No. 00-162.

The ESC issued in PSC Docket No. 00-162 permitted the Company to serve large commercial and industrial customers. Staff requests that Constellation make a filing to amend its ESC to provide service to Residential and Small Commercial Customers in accordance with the 26 *Del. Admin C.* §3001 ("Supplier Rules"). Additionally, Staff's review shows that Constellation has already provided standard contracts for Residential and Small Commercial Customers and a bond with surety in accordance with the Supplier Rules; therefore all that is required is for the Company to make the filing to amend the ESC.

Please do not hesitate to contact me at (302) 7534 or by email at toni.loper@state.de.us should you have any questions, or if I can be of any further assistance.

Sincerely,

A handwritten signature in black ink that reads "Toni Loper".
